

ACOUSTIC FUSION

Maia Project

EXCITING LIVE MUSIC DUO

"Maia Project" is an exciting 'live' music duo, playing a fusion of modern & classic songs, of English & American music, from many genres.

With acoustic guitar, piano, keyboards & percussion, and a little electric guitar, Maia Project do not use backing tracks, but sometimes use electronic drum beats.

LIVE LOUNGE

The music has an acoustic "live lounge" flavour, with a mix of styles & dynamics. With original arrangements & amazing vocals, professional musicians **Sarah Howard** (UK) & **Dagmar Fuentesvilla** (Cuba) mix **acoustic-influenced music** into an impressive fusion, with Funky Soul, Pop, Rock, RnB & Chillout... to 80's classics...also including their own **jazzy re-workings** of famous pop & funk songs played in a "funky acoustic style"! With a great selection of songs from many genres, there is something for everyone...

If you appreciate good LIVE music and beautiful vocals, as well as innovative musical ideas, then you will love the "Maia Project"!!

MUSICIANS

Based in the Andalucia region of Spain, the "Maia Project" began in 2009.

Sarah Howard (Manchester, UK) sings lead vocals & plays acoustic guitar & also sometimes plays electric guitar for a more funky sound. Sarah has a very strong & versatile singing voice, which never fails to impress audiences, together with her feisty rhythm guitar, demonstrating that she is an accomplished musician & not just a "chick singer"! Her trade-mark "*harmoniser pedal*" is her favourite stage toy, where she can achieve 2 or 3 part vocal harmonies at the press of a button, leaving audiences searching round the room for other backing singers!!

Dagmar Fuentesvilla (from Havana, Cuba) plays 2 keyboards, (Korg M-50 synthesiser & Yamaha electric piano), where he uses piano sounds, strings, synth, bass lines, electronic drum patterns & much more, which make a very full

sound for only 2 musicians!! They also add a little live percussion (djembe drum, cajón, tambourine & shakers), which they both play.

SUNSET SESSION

The Maia Project would suit any 'Chiringuito', Cocktail Bar, Restaurant, Hotel, wedding or party looking for a "lounge-bar vibe" or appreciates a modern approach to acoustic music...with a lively edge!

"Maia Project" is a 'duo', with a full sound, which can vary from a quiet piano bar/ lounge vibe, to sounding *almost* like a small acoustic band!

ACOUSTIC FUSION

Maia Project
